WHOLESALE
TRADE LIST
OF THE
Princeton Nurseries
Princeton, N. J.

FOR
Nurserymen and Dealers

Location Midway between New York and Philadelphia at Kingston
Station on the Rocky Hill Branch of the Pennsylvania R. R.

Railroad siding at packing shed and cellar enable bulk shipments
to be packed with least possible exposure.

THE SHIPPING SEASON

We usually commence digging and shipping about the first of
March, continuing into June.

A certificate of inspection from the State Entomologist will ac-
company each shipment.

Use the Nurserymen's Telegraphic Code in Telegraphing.

For convenience and economy in ordering by wire, a telegraph
cipher is attached to each article.

'Phone, Monmouth Junction 242

NOTICE TO CUSTOMERS

We would say to those unacquainted with us that we have 260 acres devoted to the business: our methods of growing and handling stock are up to date. We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

REFERENCES—For those who do not know us we refer to any leading nurserymen in the United States, Dun and Bradstreet's Mercantile Agencies.

PRICES—This list is intended for nurserymen and dealers only, and supercedes all previous editions. We have tried to make our prices as low as we think well-grown stock should be sold. We expect, however, to sell on the market and meet reliable competition.

TERMS—We are glad to grant 30 to 60 days' time for payment of bills to all responsible parties, but parties we do not know, who have no commercial rating, must send remittance with order, or a guarantee signed by some bank or someone of known responsibility to be sure of securing goods selected. If references are sent, we will confer with them and after hearing favorably, if goods selected are still unsold, we will enter them as requested, but we will not enter orders or ship goods until we know the customer is responsible.

We will not hold goods on inquiries.

Trees selected by customers at the nursery will be charged for in accordance with their value.

PACKING—This is done in boxes and bales for which a charge is made sufficient to remunerate for the cost of material only. Trees packed in bulk at no extra charge.

COMPLAINTS—Should there be any reason for complaint we must be notified on receipt of goods, otherwise we cannot entertain it. We make it a point to give all reasonable claims proper consideration.

ORDERS—Are accepted upon condition that they shall be void should any injury befall the stock from frost, or other cause over which we have no control.

VARIETIES—We reserve the right to select the varieties, but will give the purchaser his choice as far as is consistent with our stock. In ordering please state whether or not substitution will be permitted in case we should be short of any sort wanted.

GUARANTEE OF GENUINENESS—While we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace on proper proof, all trees that may prove untrue, we do not give any warranty expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the stock.

We guarantee all our stock to be in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects, or after culture on the part of the purchaser and the risks of transportation are to be borne by purchaser. When losses occur by detention, claims should be at once made on forwarders.

BOXING—Boxing cost is charged on following basis:

12 in. x 15 in.—8 ft. long.....	\$1.50
15 in. x 16 in.—8 ft. long.....	2.00
17 in. x 20 in.—8 ft. long.....	2.25
19 in. x 24 in.—8 ft. long.....	2.50
23 in. x 28 in.—8 ft. long.....	2.75
28 in. x 32 in.—8 ft. long.....	3.00
31 in. x 36 in.—8 ft. long.....	3.50
15 in. x 16 in.—10 ft. long.....	2.50
17 in. x 20 in.—10 ft. long.....	3.00
19 in. x 24 in.—10 ft. long.....	3.25
23 in. x 28 in.—10 ft. long.....	3.50
27 in. x 32 in.—10 ft. long.....	4.00

Deciduous Shade and Ornamental Trees

Height and Caliper do not determine the Quality or Value. There is something else which cannot be accurately described nor measured by the general terms we nursery-men use. We can only say, then, that these trees are of select first-quality suitable for critical trade.

Deciduous Shrubs

To say that a Plant is "2 to 3 feet" does not tell you anything. In that grade, which is the average commercial size, there is first room for a range of fifty per cent in height; but Shrubs require more than height; to establish their size, it must be known how many branches they carry; and to approximate their value, it is essential to know how old they are and how propagated, whether from long hard-wood cuttings, or the short cuttings; and whether transplanted and pruned.

We recommend the following as being properly grown and good thrifty young plants of what we consider first quality.

Acer polymorphum atropurpureum	18 in.		pace	1.25		
Purple Leaved	2 ft.		pacer	1.50		
— Tartarica ginnala	2-3 ft.		pacific	.40	3.50	
Siberian Maple	3-4 ft.		pacify	.50		
Amorpha canescens	12-18 in.		packed	.30	2.50	
	18-24 in.		pack	.35	3.00	
— Fruticosa	2-3 ft.		packer	.25	2.00	
False Indigo	3-4 ft.		packet	.30	2.50	22.00
	4-5 ft.		pacifier	.35	3.00	
Amygdalus, Flowering Almond	18-24 in.		pacifying	.25	2.00	
Pink and White	2-3 ft.		packing	.30	2.50	
	3-4 ft.		package	.40	3.50	
Andromeda arborea (See Oxydendron)						
Aralia pentaphylla	2-3 ft.		pact	.25	2.25	20.00
	3-4 ft.		pad	.30	2.75	25.00
Aralia spinosa	2-3 ft.		padded	.30	2.50	
Hercule's Club	3-4 ft.		paddled	.35	3.00

Conifers and Evergreens

These have all been transplanted, most of them several times, giving ample room for full development and frequently sheared to produce compact, symmetrical specimens. Those marked with a ** will be dug at the prices named, with the soil adherent to the roots and securely tied in burlap.
